THE COMPANY :

AFAE-LEGENDS CORPORATION is a duly registered company empowered by its expertise in chiller air-conditioning technology, particularly in service repair, preventive maintenance, and operatorship. We specialize in the design, estimation, and servicing of Fan Coil Units (FCUs), Air Handling Units (AHUs), Air Conditioning Units (ACUs), and air-cooled and water-cooled liquid chillers (Reciprocating, Scroll, Screw, and Centrifugal types). Our operations are handled by experienced and dedicated personnel, and we also supply chiller and air-conditioning parts.

MISSION :

We simply construed the good business relationship resides in every comprehensible project we undertake. We are also convinced the being professionally competitive and ethically upright are the proponents to lord in this air-conditioning business.

We also submit ourselves to the tenet of authentic service attitude without any ulterior motive. Our philosophy begins the premise that we are all interconnected to one another; and that welfare of one will also affects the welfare of the others.

VISSION :

This is our vision of fostering strong relationships with our clients: by setting clear objectives for a meaningful purpose and striving toward our goal of self-reliance, we commit ourselves to ensuring client satisfaction and delivering on our promises.

CORE VALUES :

INTEGRITY - We will build trust by being honest, fair and lawful in that we do, and we expect the same from others.

RESPECT - We will utilize good judgement in company, community and costumer activities, and accept responsibility for those decisions.

QUALITY - We will meet or exceed all quality expectations and continually improve in all that we do.

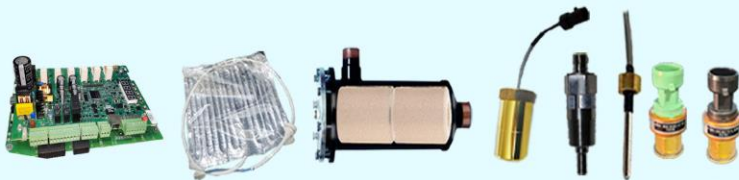

INNOVATION - We will find the best solutions for the way our world works and learns,

SAFETY - We will protect the safety, health, and well-being of our employees, community and environment.
